## A NEW CLUB FOR THE NEW YEAR

DEAR MEMBERS & FRIENDS,

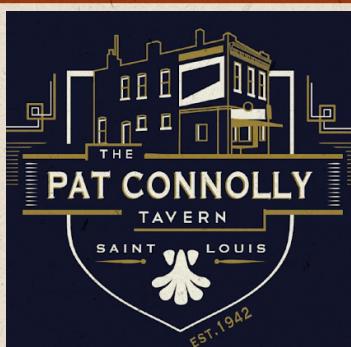

Happy 2026! We are so excited to have you all on this journey with us in this new year, where we will go from a great idea amongst friends to a full-fledged soccer club in the Midwest Premier League.

We have so much planned for 2026 that you will forget we won't actually play soccer until next year! From a club launch party to exclusive merch, inaugural jerseys, community events, and everything in between - you definitely chose to be a part of the hottest club in St. Louis! Thank you for being here!

## STATE OF THE CLUB

On January 4, we held our first "State of the Club" live-stream event on YouTube. We recapped how we got to this point, where we're going next, and what success looks like to us.

Thank you to everyone who watched along live! For those of you with major FOMO right now, don't worry! You can watch the video [here](#).
